## Murderous Crossing

by David Landau

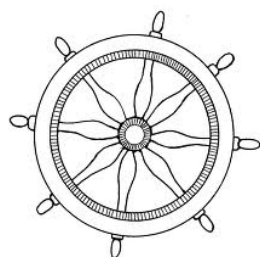

**Presented by the Deep River Players**  
at the Royal Canadian Legion, Deep River, ON

Show dates: November 28-29-30 (T-F-S) 2013

Produced by special arrangement  
with Samuel French Inc.

*The year is 1923 and you are passengers on board the HMS Victoria crossing the English Channel. The famous Inspector Clurrot has tracked down a homicidal mastermind hiding out on board.*

*The ship is the vessel of matrimony for the Contessa Follette and John D. Rothchild - a marriage encouraged through financial need and murderous greed. But not everything is as it seems, and it turns out that the English Channel isn't the only thing being crossed.*

*David Landau is an award winning screenwriter and filmmaker. He is most often credited as the "inventor" of the interactive murder mystery. The play Murder at Café Noir is his most popular, having been performed over one hundred times across the United States. Landau received his Bachelor's Degree at Ithaca College and his MFA in Screenwriting from Goddard College. He currently teaches screenwriting at Fairleigh Dickinson University.*

The Deep River Players would like to thank the following groups and individuals for their valuable contributions towards the show:
