

I Can't Believe I've Gotten Married  
Dolores & Reg & Head Table

Dol:

I can't believe I've gotten married  
I can't believe we've gotten married  
Now there's a he and I'm a we  
'Do things soft and gen-til-ly  
Can I be all I have to be  
Tonight

Reg:

I can't believe I've gotten married  
I can't believe we've gotten married  
And what might she expect of me  
I hope my courage stays with me  
I hope she doesn't fracture me (*Dolores should be squeezing*)  
Tonight

(Bridge)

(Head Table sings)

They love each other that's plain to be seen  
Though he's rather worldly and she's a tad green  
This marriage might make it but it's going to be rough  
They may love each other but is it enough

(Head table sings)

We can't believe they've gotten married  
Just can't believe they've gotten married

(Dol)

His kind sees me as a freak

(Reg)

Her kind sees me as a geek

(Dol & Reg)

Will it matter when we meet

Tonight

(Dol & Reg)

I can't believe I've gotten married  
I can't believe we've gotten married  
After all that we've been through  
I still believe in me and you  
And all the things I'll put you through  
(pause)  
After Tonight
