

## **Standing With You**

**Dan & Jane Vachon**

### **Chorus:**

Standing with you  
I swear it's the truth  
How I thank God you're alive  
Holding your hand  
I know that we can  
Bridge our two worlds and survive

### **Reg:**

Look in my eyes and see what is there  
It's my heart shining out lov-ing-ly  
Let the world disappear in the mist of a dream  
And live in this moment with me

### **Dol:**

I look in your eyes and I see looking back  
The same love that I hold so true  
The chaos dissolves in the blink of an eye  
And I live in the moment with you.

### **Reg:**

Take my hand up in yours and what do you feel  
My pulse beating ever so passion-ately  
Take a deep breath and look into my eyes  
And live in this moment with me

### **Dol:**

You take up my hand and somehow I feel  
All the warmth of your love coming through  
I look in your eyes and my own passions flare  
And I live in this moment with you.
